Neptune

With its translucent body and choice of flips and battery packs, Neptune is cool, funky and guaranteed to turn heads. And the technology inside is just as impressive. Neptune is a powerful dual band phone that includes WAP for mobile internet access and e-mail. Handsfree is built in, so you can still use your phone even when your hands are busy elsewhere.

Key Features

- ▶ Scratchpad: You can take notes...
- ▶ Hands-free mode: You can use the...
- ▶ Tools: Set yourself a daily...
- ▶ Vibrating alert: To avoid disturbing others...

Experience

Damian Taylor, 26, Account Manager, London

The Neptune is a funky-looking phone that's packed with essential features that help me manage my day-to-day life. I use it to make conference calls, take notes during conversations. Fast texting is a bonus and the games help me relax at the end of a busy day!
